Headline: Versatile React Native Developer and MERN stack with 5 Years' Experience in the IT Industry | Hybrid Mobile | Mern projects l Global-Based Expert

Summary:

- Highly skilled Mobile Application Mern Stack & React Native Developer with 5+ years of web/mobile app development and the entire application lifecycle.
- Proficient in JavaScript, C#, ES6, and OOP, ensuring clean and efficient code, translating UI/UX designs into functional mobile applications.
- Thorough testing and debugging to ensure stability and functionality.
- Collaborative approach, working effectively with cross-functional teams.
- API Integration: Skilled in connecting RESTful services, third-party libraries (Facebook, Google APIs), and ensuring seamless data exchange with backend services.
- Testing & Optimization: Proficient in Jest, Detox, and adept at performance optimization and security best practices.
- Project Management: Accomplished in managing projects, ensuring quality work within tight deadlines.

Technical Skills:

Program Library / Framework : JavaScript React Native / React js / Next js, ES6 , Typescript, C# Scripting
UI Frameworks: Material UI / Ant design
Database: Node Js, MYSQL and Mongo DB
API Integration: Axios / fetch
Game Development: Unity 3D , 2d/3d Games
Web Development: HTML CSS Bootstrap, tawlindcss , material UI , React js , Next js
Development Tools: Visual Studio 2010/17, Visual code
State Management: Redux toolkit , Hooks managment
Mobile APP Development: ReactNative, Swift, Java Android Studio
MERN STACK: MongoDB, Express.js, React.js, Node.js, nextjs

Achievements:

Developed User-Friendly APP Interface- Designed intuitive interface for complex app, resulting in a 25% increase in user satisfaction.
leading a cross- functional team - Successfully led a team Of developers, designers and product managers to deliver a complex web & mobile application on time and within budget.

Work Experience: React JS / React Native, Technomities
June 2021 – Present

Achievements:

- Deployed Successfully hybrid mobile apps on iOS/Android with enhanced features using third-party libraries.
- Designed responsive UI for seamless user experiences.
- Efficient development using Visual Studio Code and Visual Studio.
- Integrated Redux and Redux Thunk for improved state management.
- Achieved seamless API integration with Axios and Fetch.
- Optimized data storage using MongoDB
- Stayed updated on JSON services and third-party libraries.
- Key contributor to successful live store builds on iOS and Android.

Responsibilities:

- Code and design responsive UI for mobile and web platforms.
- Develop, optimize, and maintain React Native mobile applications.
- Thorough testing, debugging, and adherence to coding standards.
- Integrate with backend APIs for seamless data exchange.
- Stay updated on React Native and mobile development trends.
- Contribute to process improvement and collaborate on app roadmap.
- Assist in troubleshooting and resolving technical issue
- Wrote clean code in JavaScript, C#, ES6, and OOP.

React JS / React Native & Unity 3D Developer, Aldevolabs
Jan 2020 – June 2021

Achievements:

- Designed responsive UI for optimal user interaction across diverse platforms, ensuring a seamless experience.
- Streamlined state management with Redux and Redux Thunk, improving app performance and user satisfaction.

Responsibilities:

- Developed hybrid mobile apps with React Native using JavaScript, C#, ES6, and OOP.
- Designed responsive UI for Android, iOS, PC, and Windows platforms.
- Utilized Unity 3D Game Engine for game development and integrated third-party components.
- Deployed apps on iOS and Android, ensuring live builds for immediate access.
- Implemented Redux and Redux Thunk for streamlined state management, API integration, and optimized data storage with MongoDB.

Sando - Web/App-

Game Developer / React Native Developer, Cubix Labs
Feb 2018 – Dec 2019

Creating story lines and character biographies | Designing role-play mechanics and creating prototypes for staff and management | C# scripting | Coding and designing | Developing games (2d/3d games)

Projects:

Time Forge _2DGame https://apkpure.com/time-forge/com.cubix.timeforge
The shooting game – Unity 3D Game (Multiplayer Photon pun)

Education: BCS, PAF KIET , Jan 2020

Strengths:

Innovative thinker- Developed a new app feature that increased user engagement by 20%.
Detailed Oriented - Improved app performance by 15% through meticulous debugging and testing
Effective Communicator - Collaborated with cross-functional teams to deliver projects on time and under budget.
program solving skills- Solved complex coding problems using React resulting in faster application performance.
